

*Syringa vulgaris* 'Sensation'

*Syringa vulgaris* 'Wonder Blue'

*Syringa vulgaris* 'Primrose'

*Syringa vulgaris* 'Congo'

## THE LOVELINESS OF *Lilacs*

There is, perhaps, no flower more lovely, aromatic, or evocative of childhood than the lilac. Prized for both their fragrance and clusters of bright flowers that crowd the shrub in spring, lilacs, or *Syringa*, originated in Europe and Asia, with the majority of natural varieties coming from Asia. There are hundreds of lilac cultivars that come in a myriad of colors. While lavender and purple remain the most popular, white, pink, blue, red, and even yellow varieties are all readily available. For those seeking a more compact grower for borders and containers, choose a dwarf Korean lilac, or one of the newer hybrids, to bring lilac perfume up close.

***Briggs offers an exciting selection of *Syringa*, including French, Japanese & dwarf varieties, in a myriad of stunning colors!***
